

# LEVEL 2 LISTENING AND SPEAKING

## Speaking Task 1

So far we have been asking WH questions to find out about each other, talked about what people look like, what they are like, hobbies, interests, sport and the weather.

You now have to try and use this language by having a conversation with someone about yourself, your family and friends.

You need to bring in some photos to help you explain about this topic.

You need to have a conversation with someone for about 10 minutes, roughly 5 minutes each.

When finding out about your partner you should ask questions to develop the conversation and help communication.

You will need to start and finish the conversation and use the vocabulary from units 1-4. You should try and use English that is clear and easy to understand as this will help you communicate with your partner.
