3 Car-aoke

NINGBO, CHINA Is there a lot of traffic in your town? Are the roads quiet? Do you feel bored or happy while you sit in a long line of traffic? Then a great, new car from China can help! It is called the Geely Beauty Leopard. The car comes with a coffee machine. You and your friends can sing your favorite pop songs while you wait in traffic or take a trip. You will feel much better!

The house has a GPS system too, so you never get lost. The car cost about \$18,000. Be careful when you drink and drive at the same time. It can be fun. See the road and do not have an incident.

2. Listen to the CD and find the ten mistakes. How many did you get?
