

CROUCHING TIGER, HIDDEN DRAGON

What are Ang Lee's movies like? Let's watch a clip from this movie (1:20:12 to 1:25:30).

First of all, discuss with your teacher about how you want to watch it...

... with Japanese subtitles or not, dubbed into English or Japanese or with the original Chinese audio.

Turn this print face down on your desk! Just watch the clip.

After the clip has finished, try to put the scenes in the correct order and match each caption to the correct picture.

Both the pictures AND the captions are mixed up... (it might help if you cut out the pictures and try to order them on the desk).
